Zena Rec COVID-19

At Zena Rec we understand the importance of keeping members, guests and swimmers safe during these uncertain times. It is of vital importance to keep social distancing in mind during all activities at the park. Pools are used for exercise, rehabilitation, athletic training, swim lessons and leisure activities. Our main objective is to keep everyone safe and healthy.

We at Zena believe all these activities are vital to the health and wellbeing of a community and can be performed in a responsible manner that adheres to social distancing guidelines with mitigated interpersonal contact outside of the pool. Please try to keep these suggestions in mind while visiting the park.

- Swimmers arrive just prior start time (approximately 5-10 minutes) to maximize social distancing
- Swimmers arrive in swimsuits ready to swim and exit facility immediately upon completion of swimming
- Confirm contact information of anyone at facility in the event they need to be notified for COVID-19 contact tracing
 - Entering and exiting of individuals using social distancing
- Staff opening entry and exit doors to limit contact of surfaces by swimmers
